

## Evaluation Resources

### Healthy Youth, Program Evaluation Resources

<http://www.cdc.gov/healthyyouth/evaluation/resources.htm#4>

Overall framework of evaluation, briefs on evaluation information such as how to choose an evaluator, tutorials on logic models and objectives, plus links to other handbooks and guides.

### Online Evaluation Resource Library

<http://oerl.sri.com/>

The purpose of this system is to collect and make available evaluation plans, instruments, and reports for NSF projects that can be used to design proposals and projects. OERL also includes professional development modules that can be used to better understand and utilize the materials made available.

### Out of School Time Program Evaluation Database at Harvard Family Research Project

<http://www.gse.harvard.edu/hfrp/projects/afterschool/evaldatabase.html>

Evaluation profiles provide information about evaluation work of out-of-school time programs and initiatives. Each profile contains an overview of the program that was evaluated, as well as detailed information about each evaluation report produced about that program. Electronic links to actual evaluation reports are also provided, as are contacts for program directors and evaluators. The profiles are searchable.

### Ms. Foundation Assessment Tools

<http://www.ms.foundation.org/user-assets/PDF/Program/HGHWToolkit.pdf>

Tools for assessing youth programs, support for participatory evaluation research. Chapters include defining program model and outcomes, developing evaluation questions and methods, to analyzing and interpreting findings.

### Toolfind: Youth Outcomes Tools Directory

<http://www.toolfind.org/>

Search by age group, outcome area and/or keyword to find surveys, scales, and rubrics. Some charge fees to use, but many do not.

### Program Development and Evaluation

<http://www.uwex.edu/ces/pdande/>

This site from the University of Wisconsin Extension program includes training and reference materials concerning program development and evaluation.

### Innovation Network

<http://www.innonet.org/>

Has tools such as evaluation plan builder, organizational assessment tool, and a logic model builder. Registration is free.

### Kellogg Evaluation Toolkits: Logic Model Development Guide and Evaluation Handbook

<http://www.wkkf.org/default.aspx?tabid=75&CID=281&NID=61&LanguageID=0>

They developed these toolkits to support their grantees working with an external evaluator, but it is useful for anyone seeking to design an effective, useful evaluation. Versions also available in Spanish.

### NWREL Out-of-School Time Evaluation: Tools for Action

[http://www.nwrel.org/ecc/21century/publications/ost\\_tools.pdf](http://www.nwrel.org/ecc/21century/publications/ost_tools.pdf)

This tool book includes a summary of the research data, a guide for fitting the resources you're your comprehensive evaluation plan, and suggestions for administration of evaluation tools. More than 40 pages of protocols for assessing out-of-school time projects, including tools in Spanish.

### Assessing Women and Men in Engineering

<https://www.engr.psu.edu/AWE/misc/about.aspx>

A project designed to develop exportable assessment instruments, literature resources, and methodologies for Women in Engineering and similar programs.
